

Environmental Policy

Baoji Talent Hi-tech Titanium Industry Co., Ltd. recognizes that responsible environmental stewardship is integral to sustainable manufacturing and the long-term success of our business. We are committed to minimizing the environmental footprint of our titanium material production and related operations.

We commit to:

Comply with all applicable environmental laws, regulations and other requirements related to our operations, products and services;

Prevent pollution by controlling emissions, managing waste responsibly and reducing the use of hazardous substances in our processes;

Optimize resource efficiency through energy conservation, water stewardship and raw material utilization, with measurable targets reviewed annually;

Integrate environmental considerations into product design, process development and supplier selection to promote lifecycle thinking;

Provide training and awareness to all employees so that environmental responsibility is embedded in daily operations;

Continually improve our environmental management performance through regular monitoring, auditing and management review.

This policy is communicated to all persons working for or on behalf of Company Name and is made available to the public.
