

Quality Policy

Baoji Talent Hi-tech Titanium Industry Co., Ltd. is dedicated to the production and sales of titanium and titanium alloy materials for surgical implants and medical device applications. We are committed to meeting all applicable regulatory requirements, international standards and customer specifications, with ISO 13485 as the cornerstone of our quality management system.

We pledge to:

Deliver products that are safe, reliable and fully traceable from raw material to finished goods;

Maintain and continually improve our quality management system through regular management review, risk-based thinking and data-driven decision making;

Ensure that all personnel are competent, adequately trained and aware of their contribution to product quality and patient safety;

Foster open communication with customers, suppliers and regulatory authorities to promptly address quality concerns and implement effective corrective actions;

Set measurable quality objectives and monitor performance indicators to drive continuous improvement in processes, products and customer satisfaction.

This policy is communicated throughout the organization and made available to all interested parties.
