

Responsible Minerals Sourcing Policy

Baoji Talent Hi-tech Titanium Industry Co., Ltd. is committed to responsible sourcing and to ensuring that the minerals contained in our products do not directly or indirectly finance or benefit armed groups in conflict-affected and high-risk areas.

We require all our suppliers to:

1. Source tin, tantalum, tungsten and gold (3TG) only from smelters and refiners whose due diligence practices have been validated by recognized independent third-party audit programs, such as the Responsible Minerals Assurance Process (RMAP);
2. Provide complete and accurate information on mineral origin through the Conflict Minerals Reporting Template (CMRT);
3. Maintain full documentation traceability in accordance with our ISO 13485 quality management system;
4. Cooperate with our due diligence efforts and implement corrective actions where needed.

Our due diligence practices are conducted in alignment with the OECD Due Diligence Guidance for Responsible Supply Chains of Minerals from Conflict-Affected and High-Risk Areas.
